

Appl. No. 10/790,839

REMARKS

Claims 1 – 21 are pending in the Patent Application.

As indicated in the Office Action (mailed February 18, 2010), Claims 1 – 12, 16 and 18 are allowed and Claims 13, 15, 17, 19 and 20 stand rejected.

Although not explicitly set forth in the Office Action Summary, Applicant presumes that Claims 14 and 21 are also rejected as alleged in the Detailed Action.

Applicant appreciates Examiner's allowance of Claims 1 – 12, 16 and 18.

By this Amendment, applicant has canceled rejected Claims 13, 14, 15, 17, 19, 20 and 21.

Since only the claims allowed by Examiner are now presented in prosecution, with all the rejected claims being cancelled herein, Applicant respectfully requests that Examiner grant issuance of the allowed claims.

Respectfully submitted,  
Mary Morabito O'Neill, *et al.*
